

How to set up Google Classroom

1. Go to the google classroom home page

<https://classroom.google.com/>

Insert your username in the first box that says email or phone. In the next screen insert your password. (Your username and password are on the paper handed to your child today)

The screenshot shows the Google Classroom sign-in interface. At the top, the Google logo is displayed in its multi-colored font. Below it, the text "Sign in" is centered, followed by "Use your Google Account". A text input field with the placeholder "Email or phone" is present. Below the input field is a blue link for "Forgot email?". A note states "Not your computer? Use Guest mode to sign in privately." with a blue link for "Learn more". At the bottom left, there is a blue link for "Create account", and at the bottom right, there is a blue button labeled "Next". The footer contains "English (United States)" with a dropdown arrow, and links for "Help", "Privacy", and "Terms".

2. Finally, click on the invite link in the top right hand corner to join your child's Google Classroom
